# Background

**TechRate was commissioned by Landian Coin to perform an audit of smart contracts:**

<https://bscscan.com/address/0x5f841172399c5f94b1f8390bb361890fe0ca1857#code>

The purpose of the audit was to achieve the following:

- Ensure that the smart contract functions as intended.
- Identify potential security issues with the smart contract.

The information in this report should be used to understand the risk exposure of the smart contract, and as a guide to improve the security posture of the smart contract by remediating the issues that were identified.
